CERAMIC SKILLS

I have extensive knowledge and practical experience of every stage of the ceramic process gained throughout education, professional roles and running my own studio. Starting with model making and prototyping using a whirler, plaster lathe or hand building. Experienced mould maker for multiple applications, such as jigger jolly moulds, slip cast or press moulds. Proficient in glaze mixing, body stains and coloured slip casting. Running a ceramic studio, machinery maintenance and kiln loading, unloading and firing. Screen printing stains and glazes onto raw or fired ceramics as well as ceramic transfers. I specialise in material exploration and developing new surfaces for architectural purposes.

DESIGN SKILLS

Graphic Design, Branding, Product Design; Editorial design (for both Print and Online)

Proficient in Adobe Photoshop, Illustrator, InDesign, Microsoft suite
